## What Makes a Dad

God took the strength of a mountain  
 The majesty of a tree  
 The warmth of a summer sun  
 The calm of a quiet sea  
 The generous soul of nature  
 The comforting arm of night  
 The wisdom of the ages  
 The power of the eagles flight  
 The joy of a morning spring  
 The faith of a mustard seed  
 Then God combined these qualities  
 When there was nothing more to add  
 He knew his masterpiece was complete  
 And so he called it - Dad

May all you wonderful

## **FROM THE DESK OF THE ADMINISTRATOR, CAROLYN MARTIN:**

The Governor extended her Executive Order until June 12<sup>th</sup> which means we cannot open our doors to visitors. Let us pray we can all get together soon or at least have small group events. The last 3 months have been interesting to say the least.

We polled residents outside to see if they would be interested in having a swab test for Covid-19. This is not mandatory. We did test all our residents in the main building and we have tested all our staff. We will continue to test as necessary.

Our policy is to continue to follow CMS guidelines and our State Licensure rules. We had to implement new guidelines during the pandemic. All employees entering the building have their temperatures taken and fill out a questionnaire form. Mask are mandatory for residents and staff. Employees must have their shoes sprayed, packages, purses, and phone disinfected prior to entering the building.

If you have access to a computer or your family does, the new Village View Talk Show is available for viewing on you-tube. Residents inside the main building have been watching on Channel 3 in their rooms. We have also posted segments on Facebook. One of my favorite parts of the show is Sally's craft and hacks made from dollar store items. If you would like to duplicate one of Sally's crafts and need supplies and cannot get out to get supplies, call Betsy and we will bring the supplies if they are still available directly to you. I laughed at the LOL jokes as much as I did enjoy the presenters, Chris and Sue.

How do you like the Daily Lottery, another fun endeavor brought to you by our wellness team? They have been keeping extra busy finding new ways to entertain. Hope you enjoy the packets they put together each week and pass out for you. They tell me they are having fun saying Hi to you all.

The flowering trees were spectacular this year. How nice to be able to look outside at all the glory. Makes me appreciate our 44-acre campus even more. If you enjoy our campus and want to introduce your friends to senior living, we are offering \$500 referral fees when your referral moves into Independent Living, Assisted Living, or Memory Care. Double the normal rate (\$250) during the next 60 days. Make sure they mention your name.

If you find yourself needing any additional support, supplies, mask, or have questions please, contact the front desk and they will direct your call.

Happy Father's Day to all our Father's!

Be well and stay well!

JUNE

FATHER'S DAY

**HAPPY FATHER'S DAY!!!** I want to wish you all a Happy Father's Day. Although you may not have had your own children, you have been, or are now, a father to someone; and that is worth celebrating. Thank you for reaching into the heart and life of another. You've made a difference.

One of the most impactful writings about fathers came from Erma Bombeck:

"When the Lord was creating fathers he started with a tall frame. An angel standing nearby said, 'What kind of father is that? If you're going to make children so close to the ground, why have you put fathers up so high? He won't be able to shoot marbles without kneeling. He won't be able to tuck a child into bed without bending. He won't even be able to kiss a child without stooping.' God smiled & said, 'Yes, but if I make him child size, who will the children have to look up to?'

"And when God made the father's hands, they were large.... The angel shook his head & said, 'I don't think you want to make hands like that. Large hands are clumsy. They can't manage diaper pins, small buttons, rubber bands on pony tails, or even remove splinters caused by baseball bats.'

"God smiled again & said, 'I know, but they're large enough to hold everything a small boy empties from his pockets at the end of the day – yet small enough to cup a child's face in his hands.'

"Then God molded long, slim legs & broad shoulders. The angel shrugged. 'Boy, this is the end of the week, all right!' he said. 'How's he going to pull a child close to him without the kid falling between his legs?'

"God smiled & said, 'A mother needs a lap but a father needs strong shoulders to pull a sled, balance a boy on a bicycle, or hold a sleepy head on the way home from the circus.'

"God was in the middle of creating two of the largest feet anyone had ever seen when the angel could not be contained any longer. he said. 'Do you honestly think that those large boats are going to get out of bed early in the morning when the baby cries? Or walk through a small birthday party without crushing at least 3 of the guests?'

"Again God smiled, & He said, 'They'll work. You'll see. They'll scare off mice at a summer cabin, or leave footprints that will be a challenge to follow.'

"God worked throughout the night, giving the father few words, but a firm voice & eyes that saw everything. Finally, almost as an afterthought, he added tears. Then He turned to the angel & said, 'Now are you satisfied that he can love as much as a mother?' And the angel was silent!"

May the Lord bless you richly.
